

2019 Supernova - Benson Kites mit Ergänzung 2020

Die absolute Überraschung, der meiner Meinung nach der beste Drachen aller Zeiten. Er kann einfach alles, was ich von ihm erwarte und mit einer Knötchenleiter fliegt er zuverlässig, trickreich und präzise über einen sehr großen Windbereich. Ich bevorzuge 25m, 30daN- Leinen, beim Sonneruntergang auch 35m-Leinen.

The screenshot shows the Benson Kites website interface. At the top is a navigation bar with links: HOME, KITES, TECH, MEDIA, SHOP, LATEST, CONTACT. Below this is a sub-navigation bar for the Supernova series, including SUPERNOVA SERIES, SUPERFLY SERIES, DEEP SPACE SERIES, GEMINI SERIES, and OLD SCHOOL FAVOURITES. The main content area features a large image of a green and white Supernova kite. To the right of the image is a table with specifications:

Style:	Competition/ Freestyle
Frame:	Sky Shark Nitro/ P3X/ 7PT
Sail:	Icarex
Bridle:	Reverse Turbo
Wingspan:	2.45m
Weight:	325g (inc 22gm tail weight)
Wind:	4-18mph

Below the table, a note states: "We recomend a 5PT lower spreader option for lighter winds. These can be purchased as an optional extra. Please ask for more info." At the bottom of the product page, there is a "VIDEO" section. The footer of the website includes the copyright notice "© 2020 Benson Kites. All Rights Reserved" and the Benson Kites logo.
